

Comment puis-je changer la langue de l'interface ?

Matthew WRAY - 2024-10-29 - Aller plus loin

Vous avez la possibilité de mettre l'interface en anglais ou en français.

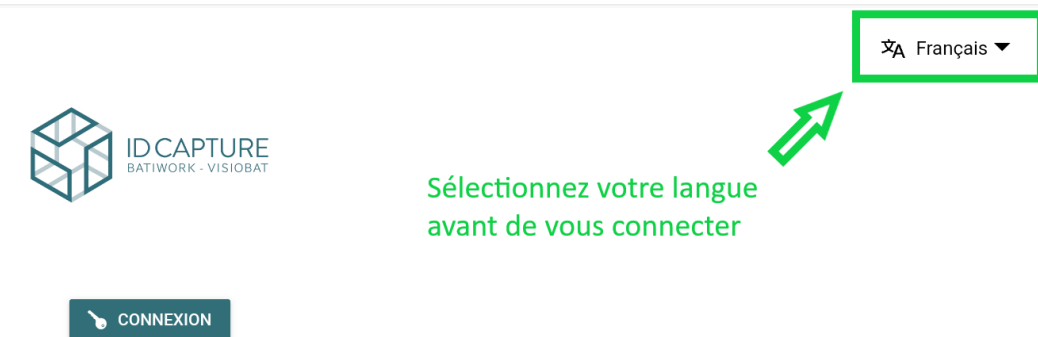

Sur l'interface web :

The screenshot shows the web login page for IDCAPTURE. At the top left is the IDCAPTURE logo with the text 'BATIWORK - VISIOBAT'. Below the logo is the text 'Se connecter avec un compte ID Capture'. There are two input fields: 'Login' and 'Mot de passe' (password), with a visibility toggle icon. A dark green button with a key icon and the text 'CONNEXION' is below the fields. Underneath is a link: 'Identifiants (login ou mot de passe) oubliés ?'. A horizontal line with 'OU' in the center separates this from the second section. The second section is titled 'Se connecter avec un compte d'entreprise' and has a similar 'CONNEXION' button. At the bottom left, there is contact information: 'support@idcapture.fr – 09.72.45.56.39' and '© 2011-2022, ID Capture SAS'. On the right side of the screenshot, a green arrow points to a dropdown menu in the top right corner that is highlighted with a green box. The dropdown menu shows a flag icon and the text 'Français'.
